Is patient covered by additional insurance? Yes _____ No _____ If "Yes" please complete information

Name of secondary insurance company _____ Phone _____

** I understand that my dental insurance is a contract between the insurance carrier and myself, and not a contract between my insurance carrier and the Doctor. I understand that I am still fully responsible for all dental fees. I understand these fees are due and payable at the time services are rendered unless a prior financial arrangement has been made. I assign all insurance benefits to the Doctor. Any payments received by the Doctor from my insurance coverage will be credited to my account or refunded to me if I have paid the dental fees incurred.

Patient / (or Guardian) Signature: _____ Date: _____

To all **United Concordia** and **Delta Dental** patients:

There are certain conditions where a tooth cannot be saved. Sometimes it can be diagnosed during the consultation and then recommended not to proceed. Sometimes these conditions are not visible during the examination or visible by x-rays, or discovered until the tooth is treated. Some examples include microfractures, perforations, resorption, iatrogenic difficulties (previous treatment by another dentist that didn't turn out favorably) and unusual anatomical configurations of the tooth. In today's modern endodontics, we now have surgical operating microscopes to detect certain unfavorable dental conditions during the procedure and thus stop treatment at that time.

In the event that your tooth is found to be unsalvageable during the course of root canal treatment or retreatment, and it ultimately has to be extracted, we will not use the code for root canal treatment or retreatment. Instead we will use the code for incomplete endodontic treatment. We will also use this code in the event that your treatment becomes a two visit procedure, and you decide to extract the tooth versus saving it. Our fee for Incomplete Endodontic Treatment is $200.

United Concordia insurance plans do not cover this fee. You will be responsible for the payment at the time of your visit.
Some **Delta** insurance plans will cover this fee. You are responsible for this fee at the time of your visit. We will submit this code on your behalf. In the event that Delta does cover this code, we will refund your payment.

I understand that if the tooth is deemed unsalvageable during the treatment, and I have either United Concordia or Delta dental insurance, I will be responsible for payment for Incomplete Endodontic Treatment.

Patient/ (or Guardian) Signature: _____ Date: _____

All Patients

I, the undersigned, certify that the information on these pages is correct and accurate. I also certify that I am the patient (or authorized agent of the patient) authorized to furnish all information requested.

I agree that if my account is referred to an outside agency or attorney for collection, I will be responsible for an additional Collection Fee of fifty dollars ($50.00).
